# ABC INSTITUTE OF TECHNOLOGY (SAMPLE)

**Departments, Faculty, Scholarships and Facilities**

**IMPORTANT NOTICE: This document contains fictional sample information for educational and RAG chatbot testing purposes. It is not an official policy or record of any real institution. Verify all real-world details with the relevant college or authority.**

## 1. Academic departments

The fictional institution offers the following sample engineering departments.

| Department | Sample subjects | Example career paths |
|---|---|---|
| CSE | Data Structures, DBMS, Operating Systems, Networks, AI, ML, Cloud Computing | Software Developer, Data Analyst, AI Engineer, Cloud Engineer |
| ECE | Digital Electronics, Analog Circuits, Signals, Microprocessors, Communication Systems, VLSI | Electronics Engineer, Embedded Systems Engineer, VLSI Engineer |
| EEE | Electrical Machines, Power Systems, Control Systems, Measurements, Power Electronics | Electrical Engineer, Power Systems Engineer |
| Mechanical | Engineering Mechanics, Thermodynamics, Manufacturing, Machine Design, Fluid Mechanics | Mechanical Design Engineer, Production Engineer |
| Civil | Structural Engineering, Surveying, Building Materials, Transportation, Environmental Engineering | Civil Engineer, Structural Engineer, Site Engineer |
| IT | Web Technologies, Databases, Programming, Networking, Information Security | Web Developer, Software Engineer, Network Administrator |

## 2. Sample faculty information

All faculty names and designations below are fictional sample records.

| Faculty name | Department | Sample designation |
|---|---|---|
| Dr. R. Kumar | CSE | Professor |
| Ms. S. Priya | CSE | Assistant Professor |
| Mr. A. Ramesh | ECE | Associate Professor |
| Dr. P. Anitha | EEE | Professor |
| Mr. K. Suresh | Mechanical | Assistant Professor |
| Ms. V. Lakshmi | Civil | Assistant Professor |
| Mr. M. Arun | IT | Assistant Professor |

## 3. Faculty responsibilities

Faculty members may deliver lectures, conduct laboratory sessions, monitor student performance, evaluate assignments, provide academic guidance and support student projects. Each department has a Head of Department (HOD) who supervises academic activities and faculty coordination. Students should contact the department office for verified faculty

contact information.

## 4. Scholarships and financial assistance

The fictional institution provides information about possible scholarship opportunities. Examples include government post-matric scholarships, SC/ST scholarships, BC scholarship schemes, EWS-related assistance, merit-based scholarships and minority scholarship schemes where applicable.

## 5. General scholarship eligibility

Eligibility may depend on student category, family income, academic performance, attendance where applicable, government scheme guidelines, institution and course eligibility.

## 6. Sample scholarship documents

Students may be asked for Aadhaar details, caste certificate where applicable, income certificate, bank account details, previous academic marks memos, bonafide certificate and admission details.

## 7. Sample scholarship application process

• Visit the applicable government scholarship portal.

• Register or log in.

• Enter student details.

• Upload required documents.

• Submit the application.

• Track the application status.

**Scholarship warning:** Actual eligibility, deadlines, amounts and application rules are determined by relevant government authorities. This document does not establish any scholarship entitlement.

## 8. Library facilities

The sample library provides engineering textbooks, reference books, technical journals, competitive examination books, newspapers, digital learning resources and previous examination papers.

## 9. Sample library rules

• Students should carry their college identification card.

• Books must be returned before the due date.

• Students should maintain silence.

• Library materials should not be damaged.

• Applicable late-return charges may apply.

## 10. Laboratory facilities

| Laboratory | Sample facilities and equipment |
|---|---|
| Computer laboratory | Desktop computers, programming software, internet access, development environments and database tools |
| Electronics laboratory | Digital trainer kits, oscilloscopes, function generators, microcontroller kits and communication experiment kits |
| Electrical laboratory | Electrical machines, transformers, power electronics equipment and measurement instruments |

| Laboratory | Sample facilities and equipment |
|---|---|
| Mechanical laboratory | Workshop facilities, manufacturing equipment, mechanical testing instruments and CAD workstations |
| Civil laboratory | Concrete testing equipment, surveying instruments, soil testing equipment and material testing facilities |

## 11. Chatbot response guidance

The chatbot must use only the uploaded information, must not invent faculty contacts or facility availability, and should identify these records as sample data. For official details, students should contact the relevant department or college administration.
