Mother Teresa Institute of Science and Technology (MIST)

Departments and Faculty Information

Official-website-based knowledge document for the CampusConnect AI RAG project

• The official MIST website lists the following academic departments/areas: Computer Science & Engineering; Computer Science & Engineering (AI & ML); Electronics & Communication Engineering; Electrical & Electronics Engineering; Mechanical Engineering; Civil Engineering; Science & Humanities; and Master of Business Administration.

• The website also includes a Mining Engineering link in its department navigation. The current programs page should be checked to confirm whether Mining Engineering is being offered for the relevant admission year.

• The CSE department page states that the department was established in 2011 with an initial intake of 60 students and that a postgraduate course was introduced in 2012 with an intake of 18 students, specialising in Advanced Computing Systems (ACS).

• The CSE page describes computing laboratories and faculty involvement in teaching, research and development.

• This summary does not list individual faculty names, HOD names, phone numbers or email addresses because those details should be taken from the current department faculty directory and verified before use.
